Be The Match

Thousands of people are diagnosed every year with life-threatening blood cancers and diseases like leukemia and sickle cell. Who do they turn to? Us! Be the match and their supporters.

Be The Match HOSA

- Helps aid patients diagnosed with leukemia in every step of the process of receiving a transplant: finding a donor, having the transportation, lodging, and food to make the trip there, and of course affording the procedure, even after insurance.
- A portion of donated funds goes to researching bone marrow transplants, and reducing the dangerous side effects that sometimes accompany them.
